

The History of the Development of AIDS

Chapter Excerpt from "State Origin: The Evidence of the Laboratory Birth of AIDS"
by Boyd E. Graves, J.D.

The true history of the origin of AIDS can be traced throughout the 20th Century and back to 1878. On April 29 of that year the United States passed a "FEDERAL QUARANTINE ACT".

The United States began a significant effort to investigate "causes" of epidemic diseases. In 1887, the effort was enhanced with the mandate of the U.S. "LABORATORY OF HYGIENE". This lab was run by Dr. Joseph J. Kinyoun, a deep rooted-racist, who served the eugenics movement with dedication.

Two years later, 1889, we were able to identify "mycoplasmas", a transmissible agent, that is now found at the heart of human diseases, including (AIDS) HIV.

In 1893, we strengthened the Federal Quarantine Act and suddenly there was an explosion of polio.

In 1898, we knew we could use mycoplasma to cause epidemics, because we were able to do so in cattle, and we saw it in tobacco plants.

In 1899, the U.S. Congress began investigating "leprosy in the United States".

In 1902, We organized a "Station for Experimental Evolution" and we were able to identify diseases of an ethnic nature.

In 1904, we used mycoplasma to cause an epidemic in horses.

In 1910, we used mycoplasma to cause an epidemic in fowl/birds.

In 1917, we formed the "Federation of the American Society for Experimental Biology" (FASEB).

In 1918, the influenza virus killed millions of unsuspecting. It was a flu virus modified with a bird mycoplasma for which human primates had no "acquired immunity".

In 1921, lead eugenics philosopher, Betrand Russell, publicly supported the "necessity for "organized" plagues" against the Black population.

In 1931, we secretly tested African Americans and we tested AIDS in sheep.

In 1935, we learned we could crystallize the tobacco mycoplasma, and it would remain infectious.

In 1943, we officially began our bio-warfare program. Shortly thereafter, we were finding our way to New Guinea to study mycoplasma in humans.

In 1945, we witnessed the greatest influx of foreign scientists in history into the U.S. biological program. Operation Paperclip will live in infamy as one of the darkest

programs of a twisted parallel government fixated on genocide.

In 1946, the United States Navy hired Dr. Earl Traub, a notorious racist biologist. A May appropriations hearing confirms the existence of a “secret” biological weapon.

In 1948, we know that the United States confirmed the endorsement of “devising a scheme” in which to address the issue of overpopulation in certain racial groups. State Department’s George McKennan’s memo will forever illuminate the eugenics mendacity necessary for genocide of millions of innocent people.

In 1949, Dr. Bjorn Sigurdsson isolates the VISNA virus. Visna is man made and shares some “unique DNA” with HIV. See, Proceedings of the United States, NAS, Vol. 92, pp. 3283 - 7, (April 11, 1995).

In 1951, we now know our government conducted its first virus attack on African Americans. Crates in Pennsylvania were tainted to see how many Negro crate handlers in Virginia would acquire the placebo virus.. They were also experimentally infecting sheep and goats. According to author Eva Snead, they also held their first world conference on an AIDS-like virus.

In 1954, Dr. Bjorn Sigurdsson publishes his first paper on Visna virus and establishes himself as the “Grandfather of the AIDS virus.” He will encounter competition from Dr. Carlton Gajdusek.

In 1955, they were able to artificially assemble the tobacco mosaic virus. Mycoplasmas will forever be at the heart of the U.S. biological warfare program

In 1957, future U.S. president, Rep Gerald Ford and others gave the U.S. Pentagon permission to aggressively deploy offensive biological agents. There are no recorded cases of AIDS prior to the 1957 creation of “Special Operation-X.” (The SOX) program served as the immediate prototype program for the Special Virus program to begin in 1962.

By 1960, Nikita Kruschev had been let in on the biological weapon. His 1960 statement will long reflect the arrogance of the secret blend of communism and democracy. The two countries would go to a November 1972 agreement to cull the Black Population.

In 1961, scientist Haldor Thomar publishes that viruses cause cancer. In 1995, he and Carlton Gajdusek informed the National Academy of Sciences that “the study of visna in sheep would be the best test for candidate anti-HIV drugs.”

In 1962, under the cover of cancer research, the United States charts a path to commit premeditated murder, the “Special Virus” program begins on February 12th. Dr. Len Hayflick sets up a U.S. mycoplasma laboratory at Stanford University. Many believe the “Special Virus” program began in November 1961 with a Phizer contract.

Beginning in 1963 and for every year thereafter, the “Special Virus” program conducted annual progress reviews at Hershey Medical Center, Hershey, PA. The annual meetings are representative of the aggressive nature in which the United States pursued the development of AIDS.

In 1964, the United States Congress gave full support for the leukemia/lymphoma (AIDS) virus research.

In 1967, the National Academy of Sciences launched a full scale assault on Africa. The CIA (Technical Services Division) acknowledged its secret inoculator program.

In 1969, Fort Detrick told world scientists and the Pentagon asked for more money, they knew they could make AIDS. Nixon's July 18 secret memo to Congress on "Overpopulation" serves as the start of the paper trail of the AIDS Holocaust.

In 1970, President Nixon signed PL91-213 and John D. Rockefeller, III became the "Population Czar." Nixon's August 10 National Security Memo leaves no doubt as to the genocidal nature of depopulation.

In 1971, Progress Report #8 is issued. The flowchart (pg. 61) will forever resolve the true laboratory birth origin of AIDS. Eventually the Special Virus program will issue 15 reports and over 20,000 scientific papers. The flowchart links every scientific paper, medical experiment and U.S. contract. The flowchart would remain "missing" until 1999. World scientists were stunned. The flowchart will gain in significance throughout the 21st Century. It is also clear the experiments conducted under Phase IV-A of the flowchart are our best route to better therapy and treatment for people living with HIV/AIDS. The first sixty pages of progress report #8 of the Special Virus program prove conclusively the specific goal of the program. By June 1977, the Special Virus program had produced 15, 000 gallons of AIDS. The AIDS virus was attached as complement to vaccines sent to Africa and Manhattan. However, because of the thoroughness of authors, like Dr. Robert E. Lee, we also learn the Stanford Mycoplasma Laboratory issues one of the first papers with AIDS in the title. "Viral Infections in Man Associated with Acquired Immunological Deficiency States." The primary scientist, Dr. Thomas Merigan, was a "consultant" to the Special Virus program.

Progress Report # 8 at 104 - 106 proves Dr. Robert Gallo was secretly working on the development of AIDS with full support of the sector of the U.S. government that seeks to kill its citizens. Dr. Gallo can not explain why he excluded his role as a "project officer" for the Special Virus program from his biographical book. Dr. Gallo's early work and discoveries will finally be viewed in relation to the flowchart. We now know where every experiment fits into the flowchart. The "research logic" is irrefutable evidence of a federal "Manhattan-style project" to develop a "contagious" cancer that "selectively" kills. Dr. Gallo's 1971 paper is identical to his 1984 AIDS announcement.

Progress Report #8 at 273 - 286 proves we gave AIDS to monkeys. Since 1962, the United States and Dr. Robert Gallo have been inoculating monkeys and re-releasing them back into the wild. Thus, even government scientists are baffled that both HIV-1 and HIV-II would "suddenly emerge" from two distinct monkey ancestral relatives during the last 100 years. A 1999 Japanese study will ultimately prove the Man to Monkey origin of Monkey AIDS. The monkey experiments summary definitively proves Monkey AIDS is also man-made.

In 1972, the United States and the Soviet Union entered into a biological agreement that would signal the death knell for the Black Population. The 1972 agreement for collaboration and cooperation in the development of offensive biological agents is still U. S. policy.

In 1973, we find that world scientist, Garth Nicolson reports on his project, "Role of the Cell Surface in Escape From Immunological Surveillance." His report is accompanied by seven published papers. Dr. Nicolson worked in conjunction with the Special Virus program from 1972 until 1978. Dr. Nicolson is considered by some to be Dr. Gallo's "West Coast" counterpart. It is strongly held that because of Dr. Nicolson, Dr. Robert Gallo and Dr. Luc Montagnier would secretly meet in Southern California to coordinate what they would and would not say about the special virus development program.

In 1974, Further Henry Kissinger releases his NSSM-200 (U.S. Plan to Address Overpopulation). It is the only issue of discussion at the World Population Conference in Bucharest, Romania. The men in the shadows had won, the whole world agrees to secretly cull Africa's population. Today it is Africa and other undesirables. Tomorrow it may be you.

In 1975, President Gerald Ford signs National Security Defense Memorandum #314. The United States implements the Kissinger NSSM-200.

In 1976, the United States issues Progress Report #13 of the Special Virus program. The report proves the United States had various international agreements with the Russians, Germans, British, French, Canadians and Japanese. The plot to kill Black people has wide international support. In March, the Special Virus began production of the AIDS virus, by June 1977, the program will have produced 15,000 gallons of AIDS. President Jimmy Carter allows for the continuation of the secret plan to cull the Black Population.

In 1977, Dr. Robert Gallo and the top Soviet Scientists meet to discuss the proliferation of the 15,000 gallons of AIDS. They attach AIDS as complement to the Small pox vaccine for Africa, and the "experimental" hepatitis B vaccine for Manhattan. According to authors June Goodfield and Alan Cantwell, it is Batch #751 that was administered in New York to thousands of innocent people. This government will never be able to repay the people for the social rape, humiliation and out right prejudice people with HIV/AIDS face on a daily basis. The men in the shadows of the AIDS curtain accurately calculated that you would not care if only Blacks and gays are dying. In fact you don't care that nearly a half million Gulf War veterans are encumbered with something contagious. Soon there will be no more Black people and a confused military, older White people will start suddenly dying and you still won't get it. Be here now for us, give us a chance to be there for you.

Suddenly, just as President Nixon had predicted, there was explosive death. On November 4, 1999, the U.S. White House announced,.... "Within a period as short as five years, all new infections of HIV in the United States will be African American...." At some point our experts must be allowed to begin the interface process of allowing the history of this virus program to count. It is ludicrous and preposterous to fail to review the U.S. virus program in which to elucidate the etiology of AIDS.

More of the history of the secret virus program can be found in the archives of Dr. John B. Moloney. A review of the files under Dr. Moloney's name would further pinpoint additional dates and records consistent with one of the greatest hunts, capture and proliferation of disease in the history of the human race. We have found the missing link. It is the guts of the research logic of a federal program that seeks to kill. We have found

a curtain of AIDS. We can identify some of the people who work in the shadows of the curtain. Dr. Robert Gallo and Dr. Garth Nicolson must lead us in review. In light of the attack mechanisms available in which to inhibit AIDS, it is time that not another person be stricken with this relic, synthetic mycoplasma chimera.

Help those of us who are still here to realize full and contributory lives. We are all one people.

On September 28, 1998 I filed suit against the United States for the "creation", "production" and "proliferation" of AIDS. On November 7, 2000, the appeals court agreed with the lower court and held AIDS bioengineering as "frivolous." The world continues to wait for the court to rule on the resubmitted issues. The court can not continue to simply brush aside our experts and the government's flowchart.

I have been asked to give my perspective with regard to the federal program MK-NAOMI . MK-NAOMI is the code for the development of AIDS. The "MK" portion stands for the two co-authors of the AIDS virus, Robert Manaker and Paul Kotin. The "NAOMI" portion stands for "Negroes are Only Momentary Individuals." The U.S. government continues to orchestrate silence from the very top echelons of the Congress and military. At present there is no accountability. The good people will ultimately create a tsunami of public outrage. We can not allow the state an autocratic right to govern outside of the Constitution. Our society is structured to hide crimes committed by the state, while punishing citizens for minor indiscretions. Their strategy focuses on the general confusion they can create via manipulation of the media. They are very good at what they do. We must become more focused in our continued presentation of the flowchart. The flowchart is the absolute missing link in proving the existence of a coordinated research program to develop a cancer virus that depletes the immune system. New diseases do not create old illnesses.

This compilation of court documents and correspondence is the true effort of one man's achievement in solving the mystery of the origin of AIDS. We have found the origin of AIDS, it is us.

The Smoking Gun of AIDS: a 1971 Flowchart
by Boyd E. Graves, J.D.

In 1977, a secret federal virus program produced 15,000 gallons of AIDS. The record reveals the United States was represented by Dr. Robert Gallo and the USSR was represented by Dr. Novakhatskiy of the diabolical Ivanosky Institute. On August 21, 1999, the world first saw the flowchart of the plot to thin the Black Population.

The 1971 AIDS flowchart coordinates over 20,000 scientific papers and fifteen years of progress reports of a secret federal virus development program. The epidemiology of AIDS is an identical match to the "research logic" identified in the five section foldout. The flowchart is page 61 of Progress Report #8 (1971) of the Special Virus program of the United States of America. We today, challenge world scientists to discussion of this document find. We believe there is a daily, growing number of world experts who are all

coming to the same conclusion regarding the significance of the flowchart. Dr. Garth Nicolson has examined the flowchart as well as other top notch experts from around the world. It is time for Dr. Michael Morrissey of Germany to examine the flowchart and report to the world. In addition, we have now examined the 1978 report. It is heresy to continue to further argue the program ended in 1977. The 1978 report of the development of AIDS leaves no doubt as to the ("narrow result") candidate virus sought by the United States. The flowchart conclusively proves a secret federal plot to develop a "contagious cancer" that "selectively kills."

Following the presentation of the flowchart in Canada, the same information was presented to the United States in the rotunda of the Western Reserve Historical Society in Cleveland. Shortly thereafter a major African newspaper called and for four days in a row, this issue was the feature story in an uncensored press. The people of Africa already know about the U.S. virus development program. It is time for the rest of us to know.

In January, the U.S. had no response to my two page abstract submitted to the African American AIDS 2000 conference. In February, the U.S. Congress had no response to the 3000 Americans who signed signature petitions calling for immediate review of the flowchart and progress reports of the secret virus development program. We firmly believe once the dust settles from the current election marathon, reviewing the special virus program will be the single most important pursuit of the 21st Century.

More scientists and doctors must join with Dr. Nicolson, Dr. Strecker, Dr. Cantwell, Dr. Horowitz, Dr. Lee, Dr. Wainwright, Dr. Halstead and Professor Boyle. In any public debate on this issue, we will continue to present the flowchart of the secret virus development program, as the "irrefutable missing link" in the true laboratory origin of AIDS. We have successfully navigated a federal maze and matrix and found a curtain surrounding the issue of AIDS. The 1999 discovery and presentation of the AIDS flowchart is a "smoke detector" wake up call.

Society has an obligation to do more than don masks.

Boyd "Ed" Graves The Man Who Solved AIDS

On August 21st, 1999 in Ganonoque, Canada, Boyd E. Graves, B.S., J.D. presented a 1971 Flow Chart to the international medical and scientific community.

The Flow Chart is the "Research Logic Flow" of an ultra-secret federal program

entitled the "Special Virus". Since August 1999, the Flow Chart continues to receive intense scrutiny with many scientists and medical doctors now going on record as confirming the diabolical nature of the "Special Virus" program. The "Special Virus" is the designer product of a century long hunt for a contagious cancer that will selectively kill. The "necessity" for the creation and deployment of AIDS, et.al. is fully outlined in U.S. population control policy decisions including "National Security Study Memorandum 200 (NSSM-200) 1974, written and presented by Henry Kissinger at the mega-conference on population control held in Bucharest, Romania.

Boyd E. "Ed" Graves, B.S., J.D. was born the third of nine children of James and Theresa Graves (both deceased). He was raised in Northeast Ohio before he received an appointment to the U.S. Naval Academy, Annapolis, Maryland in 1971.

While in attendance at Annapolis, Dr. Graves received a B.S. degree with minors in Engineering and Mandarin Chinese. He also lettered in boxing and was elected the first African American President of the world-renowned NAVY GLEE CLUB. During his senior year at the Academy, he was the only midshipman to serve on the Brigade staff the entire year.

Dr. Graves received his commission from the Academy in 1975 and served as a Communications Officer onboard the guided missile destroyer, USS Buchanan, DDG-14.

In August of 1990, Dr. Graves entered Ohio Northern University College of Law in Ada, Ohio, where he was a semifinalist in the Anthony J. Celebrezze Moot Court Competition and earned his Juris Doctor degree in May 1993. Dr. Graves specialized in the Americans with Disabilities Act and worked with both private and public agencies to ensure compliance with the law, and equal opportunity for the class of citizens protected by the laws.

In 1992 Dr. Graves began his research on the global AIDS pandemic in earnest. Today he is serving his second year as Director-AIDS CONCERNS for the international medical research foundation, Common Cause, headquartered in Ontario, Canada. His AIDS research led him to the Special Virus Flow Chart discovery in 1999 and the disturbing conclusions represented there in led him to his AIDS activism and role as lead plaintiff for global AIDS apology. Dr. Graves civil rights and AIDS activism has received critical acclaim from around the world.

On January 20, 2000 the Sixth Circuit named the office of the President of the United States to answer the petition following the submission of the Special Virus Flow Chart into evidence. On January 12, 2001 the case, Graves vs The President of the United States, for hearing on the origin of AIDS was dismissed as "frivolous". Dr. Graves hand delivered the people's appeal brief to the United States Supreme Court April 11, 2001.

The People of the world await the court's decision.

"JUST AS YOU, I BELIEVE THAT HIV-1 WAS A LABORATORY CREATION."

Prof. Garth Nicolson, Institute for Molecular Medicine February 12, 2001

Dr. Boyd Graves' research into the origin of the virus that causes AIDS, HIV, is important. His efforts have led to the discovery of a flowchart, created by the Special Virus Cancer Program (SVCP), that clearly shows that the research efforts of moving leukemia, lymphoma, and sarcoma viruses from lower species into primate and human cells in a 15 year period (1962-1978) was not accidental. Indeed, the flowchart reveals the systematic plan to examine many of these agents in the context of how, specifically, these agents would affect human immunology . . . Graves' research into the funding of the project, federal laws associated with the project, and his dogged pursuit of answers from authorities in the field and their associated Federal agencies is unparalleled. His legal actions to bring this matter to a head are important in that it will only be through legal means and subsequent Congressional review that this information will see the light of day. . . In this regard, then, Dr. Graves' efforts are at the core of finding the true origin of this global pandemic.

“State Origin: The Evidence of the Laboratory Birth of AIDS' the new book by author Boyd Ed Graves’ relays his trials and tribulations as the lead plaintiff for the people against the forces that wield global genocide. Lawyer Graves is the lead investigator of the “Special Virus Cancer Program” *flow chart*. . . Give support and attention to these history making efforts.”

Dr. Leonard G. Horowitz, author of "Emerging Viruses AIDS & Ebola Nature, Accident or Intentional?" 12.17.2000

"Although the "Special Virus" (SVCP) '*Flow Chart*' is seemingly structured in such a manner that the world would not immediately recognize the real purpose of this officially sanctioned U.S. Federal

Program, one has to ask oneself WHY was the *flow chart* even structured in the first instances??? If AIDS is not deactivated, within 66 years there will be no blacks in Africa."

Dr. Basil E. Wainright, Physicist & Three Time Nobel Nominee

Nairobi, Kenya November 2, 1999

Boyd Ed Graves simply brought a government document (1971 AIDS Flow Chart) to court. . . and demanded an investigation. The government knows well what is in that document and that it was not meant for public consumption. . .His accusations are not made lightly or out of bitterness. . .He is a patriotic American . . . everything he has told me is verifiable in government document libraries.

Dr. Vincent Gammil, Chemist August 8, 1999

"Without a doubt, the Special Virus Cancer Program Flowchart and its respective Progress Reports clearly establish The United States of America's creation of the AIDS hybrid virus, internal toxic lipoprotein and the mycoplasma packaging unit. It's no coincidence that The Who's Who of AIDS from Dr. Mathilde Krim, Dr. Garth Nicholson to Dr. Robert Gallo were contractors involved. That the major media overlooked this early attempt at gene therapy using specific cell membrane receptors, is unacceptable. That the global population was misled to AIDS is a crime against humanity. . . The Silence Must Be Broken."

Dr. Dean Loren, Esq.

"The POZ article was a pathetic piece of reporting. The author jumped all over the place -- HIV dissenters, Kemron, etc, -- rather than concentrating on the important evidence that Ed Graves has collected on the man-made origin of AIDS. . . .POZ wanted to do a "whitewash" of this AIDS is man-made story. POZ can now say they covered the story (albeit unfairly) and continue to be the premier pimp AIDS magazine for the HIV drug industry. . . In short, Ed was "set up" -- pathetically by a Black reporter. . .What could be more "politically correct"????? Is there a "Movie of the Week" here?????"

Dr. Graves I would like to commend you on your tireless effort to inform the uninformed people of the world to the true origin of the AIDS virus and the role that the United States of America played in its' creation. I was shocked to view the opinion of the CBC as to how they view the AIDS problem. Keep up the good work!

"We seem to have some pretty solid evidence on several fronts now that either a specific wipe out policy exists or that perhaps even more sinister who cares as long as we make lots of money is the only driving force. Thus, we have AIDS introduced, drugs that don't work, vaccines that kill, food additives that subvert. All you have to remember is that no matter how big, how successful, if you build a house of cards, one day it will fall down. Keep up the good work on the source of the AIDS, but I ask also spread hope, know this and other terrors can and other terrors can and are being cured. Best Regards."

"After faithfully serving the United States - in military uniform - for over 23 years, my eyes FINALLY opened! American racism (institutionalized or not) is ingrained in the very fabric of its "democracy." No, it is NOT difficult for me to (now) believe that the American government "invented" the AIDS virus to help eradicate its African-American (and OTHER unwanted) population. I invite your attention to my book (albeit a totally different subject) - <http://www.inthecar.com>-- which, because of my authorship, has "made" me literally unemployed and unemployable for over 5 years! MY BROTHER BOYD,

THANK YOU FOR INFORMING THE COMMUNITY REGARDING THE ORIGINS OF HIV/AIDS. I HAVE WORKED WITH THE PRISON POPULATION AS A VOLUNTEER FOR 20 YEARS AND I DID HEAR ABOUT THIS, BUT NEVER WITH THE INFORMATION YOU ARE GIVING. AND I WANT YOU TO KNOW THAT YOU HAVE SUPPORT, AND NOW IS THE TIME. IF NOT NOW! WHEN? IF NOT US! WHO?

His fight for justice is paramount to the honest work that each of us must do for the creation of a foundation to base our humanity on. We must wake up and be about the business of living in truth. Keep me posted about the book and other information. I will forward this information to others."

Thank-you again. Ashe', Florence Rozier

"It is a forgone conclusion that the master plan is to not only eradicate the African population, but to also systematically throw the entire continent into chaos. This is done by creating, and in fact arming & inciting conflicts & genocide, impairing the ability to build an infrastructure, as well as overburdening governments with debt they cannot service let alone repay the principal. . . At all costs the system is to retard self determination & self dependence, while assisting in the corruption & temptation of the African leadership.

The end result is bondage & servitude, masquerading as foreign aid and loans. The goal is to control the vital natural resources of not only the African continent, but the world with their insatiable appetite. We must not be quiet or look the other way when evil is preying upon humanity, as the horrific days of Nazi Germany."
