

Pictures from London - Beyond Scary!!!

These pictures are of Muslims marching through the streets of London during their recent **"Religion of Peace"** Demonstration.

Why would anyone think that we should be at war with such nice, peaceful Muslims? Americans need to know - You need to forward this one to everyone! These Pictures tell it all! Muslims have stated that England will be the first country they take over!

These are pictures not shown on American TV or in American Newspapers (as they might help Bush's war on terror), but were forwarded by a Canadian Friend who thought Americans ought to know!
