

A summary of the video: *The Secret of the Secret Societies*, First of all, who is Walter Veith? Dr. Veith is a native of South Africa, who was born, baptized, and raised as a child in the Catholic Church. In his late-teens/early 20s, he became an atheist (because he got angry at and blamed God for his mother's death when he was only 10 years old). To find answers to some of his questions about life, he also dabbled in the occult/witchcraft and later on also became a Free Mason. However, after he delved deeply and found out what the Free Masons really believed and literally practiced, he became disenchanting, and returned to his earlier Catholic roots and upbringing. However, his dissatisfaction persisted as he dug deeper in search for the "true meaning of life", and this led him to a very intense and deep personal study of *The Bible*, and he eventually became a Protestant, which he is still today.

However, one must NOT focus on Veith's *personal religious background*. Instead, one must pay very close attention to the message and actual, objective findings, devoid of any religious bias, which Veith presented in his video lecture.

With his own personal search for "*truth*", and looking at the various socio-economic problems, political scandals and upheavals, and religious changes in today's world--- (crime, poverty, disease, etc), Dr. Veith put together his own findings into seminars, and his REVELATION SEMINAR is just one of them.

In the video clip about *The Secrets of the Secret Societies*, Dr. Veith discussed some very disturbing events which have occurred or have actually been taking place imperceptibly for years, which majority of the public have been totally unaware of, but which have direct bearing on *who are actually orchestrating* the various socio-economic, political, and religious events in today's society.

Dr. Veith's presentation are mainly the reading of direct quotations from writings (documents, catechisms, treatises, dogmas, etc.) of the various leaders, "inventors"/founders, innovators, and/or major participants in the various movements & *secret societies*. So, none of Dr. Veith's words in the REVELATION SEMINAR are his *ideas* or *opinions*. Veith made very minimal personal commentaries or personal views during his lecture(s). The direct quotations and passages were copied and projected on to a screen for the entire audience to read along with Veith.

Below are just some (not all) salient points which (I gleaned & summarized) from Veith's presentations: *The Secret of the Secret Societies* and *Exposing the Apostasy*:

**NOTE:** For one to truly appreciate the depth and significance of the information/presentation, one MUST personally watch the video! It includes the titles of all the actual books, documents and literature (sources) of the various "direct quotes" cited by Veith.

Anyhow. . .here goes. . .

1) Today, the Roman Catholic Church and many religious groups (Mormons, Moslems, Pentecostals, etc) along with various secret societies (Free Masons, the Society of Jesus, Johanism---the "St. John" movements, the Skull & Bones in ivy league schools, etc.) have been feeding the general public a "double-sided" message. It means that the message which is fed to the *unsuspecting (and often gullible)* general public is one which has the form of "godliness" which sounds "biblically sound and acceptable" to most believers.

However, the "other side of the coin" is completely different from what the public is told or what the public "sees and hears".

Inside the exclusive innermost circles & very top levels of the *secret societies*, which the vast majority of general public is totally unaware of, and buried deep in the writings and dogmas of the *secret societies*, and which are privy to the *inner sanctum* members only, are the best-kept secret beliefs and practices of the *secret societies*. The *secret*?

Actually (according to their own dogmas and writings), they are actually involved in the occult and devil worship with Lucifer as their god.

2) Many popular and famous religious and political leaders in the USA are, in fact, members of one of the most famous *secret societies* in the world. The Free Masons. Other *secret societies* which basically hold the same beliefs and practices are the Shriners, the Members of the Scottish Rite, the Knights of Columbus, the Knights of Malta, and many more *secret societies*. And all of the political and religious leaders are, in fact, 33rd degree (the top level of) Free Masons, which means that they are members of the exclusive *inner sanctum* that literally practices occultism and devil worship.

Among the many 33rd degree Free Masons mentioned (and whose writings and words Veith quoted). . .just to name a few, are: the late Norman Vincent Peale (famous for his *Power of Positive Thinking*), Billy Graham, Robert Schuller (of the Crystal Cathedral), and his now famous protege, Rick Warren (author of *The Purpose Driven Life* and *The Purpose Driven Church*), Benny Hinn and many other tele-evangelists as well as practically all US Presidents (except for a token few).

3) The Jesuits (or Society of Jesus, whose original leader was Ignatius Loyola) is the Roman Catholic Church's vehicle whose true objective is to destroy and annihilate Protestantism by any and all means. Through the Jesuit's "underground" work (which again, has been imperceptible to most of people including lay Catholics themselves), methods have been employed to bring Protestantism to its knees.

Because of these underground movements, according to direct quotes from respected religious sources cited by Veith:

(a) the Church of England has now returned to the Roman Catholic fold, and now acknowledges the Pope, once again, as the its true head.

Additionally, St. Paul's Cathedral in London has been renovated to look like Rome's St. Peter's Basilica. And inside St. Paul's today, one can now see the various Satanic symbols which are also present and imbedded in the artwork, (sculptures and decorations) of every Roman Catholic church, especially in the major cathedrals in the world. To name just a few of many such symbols, for example:

-- on the floor of St. Paul's below the dome are symbols of witchcraft and necromancy which denote devil worship represented by the "circle and boxes",  
-- the universal symbol of Satanism --- the pentagram or the *five-sided* star --- which can also be found in many national flags (including the US flag which has 50 of them!);  
-- the Maltese cross which is actually a sign of both Luciferianism and paganism, which is embroidered on the Pope's and every priest's vestments.

(b) the Lutherans have similarly returned to the Roman Catholic fold, and have re-acknowledged allegiance to the Pope, and have additionally adopted the use of crosses and candles in their churches. The latest Lutheran Synod even wrote a proposal to ask for forgiveness from the Pope for Luther's original opposition to the Church and its head, the Pope.

(c) the World Council of Churches (composed of all the Protestant denominations, except for a few who have chosen to not join) has likewise acknowledged the Pope as its supreme head.

That means that practically all Protestants are now back in the Roman Catholic fold, except for a remaining few.

In short, what was prophesied as the union of Roman Catholicism, Spiritualism (occultism), and apostate Protestantism in the "last days" has already taken place, and the vast majority are totally unaware of it, as they are engaged in the various diabolical distractions of eating, drinking, getting married, and just "enjoying the pleasures of this world".

4) While Islam has become the largest religious group in the world today (having surpassed Catholicism), yet the two religious bodies are in reality interlinked and interrelated in their objective to eventually promote worldwide devil worship and allegiance to Lucifer as the "god" of this world, NOT Jesus Christ.

The Koran, the Moslem holy book, denies Christ's divinity. If the Hebrew characters for *Yahweh* (Jehovah) are reversed and compressed together, they spell *Allah*. And since Islam's *inner sanctum* (just like the Catholics, the Masons, and many apostate non-Catholic groups and *secret societies*) actually worship Lucifer as their god, *Allah* in reality represents Lucifer.

5) Today's very popular "celebration" style of worship in many "born again" churches with the waving of hands, clapping, "*religious*" rock music and the abolition of old hymn singing and the substitution of "praise songs" are literally the inventions of the above Lucifer-worshipping *secret societies*. And the originators of the practice openly claim and accept it in their very own writings and dogmas.

For instance, Rick Warren very clearly and proudly declared that his Saddleback Community Church is a "*rocking church*" and according to Rick Warren's own writing, there is *no such thing as church music!*

Also, the celebration style of worship is actually MAN-centered, not GOD-centered. Thus, the introduction of applause and praises to human performance during church service along with the very casual, "feel good", celebration worship style.

6) Pantheism has also been revived and is much alive. It is now widely preached subtly in many churches---the belief that everything is God, and even fallen humans are *capable of becoming* God. That is the root of the "feel good" religious preaching that is pervasive today.

Again, ALL of the above scenarios have been substantiated by direct quotations (by Veith) of the official works (writings and documents/catechisms, treatises, etc.) of the Jesuits, Free Masons, and other *secret societies*, which are actually Satan's agents on Earth today cloaked in secrecy and camouflaged to look *pious* and *holy*, and mainly unknown to majority of the public!

**Once again, (for the 2nd time). . .for one to truly appreciate the importance of Veith's presentation, one has to personally watched the video.**

On a purely personal note (*my* note and viewpoint), after I watched the video, I felt that:

1) What Veith presented in his lecture are the fulfillment of Jesus' words in Matthew 7:21-23. *Not everyone who says unto Me, Lord, Lord shall enter in the kingdom of heaven. . .many will say: didn't we prophesy, perform miracles and cast out devils in Your name? Didn't we do good works in Your name? I will say unto them: Go away you workers of iniquity, I do not know you.*

2) The sad part and reality is: many Christians have fallen for the devil's ploys *totally unaware*. They have succumbed to the "feel good" preaching of Satan's agents.

3) Many preachers now preach that God's law is no longer binding, and "anything goes" because the Law has been nailed to the cross; we are now no longer under the Law, but under grace. But that goes totally contrary to Jesus' own words: *If you love me, keep My commandments*.

4) The casualness and the lack of reverence in many churches today is a sad reality. Gone are the days when the sanctuary was treated with respect and reverence. People saunter into God's house when/if they feel like.

The *secret societies* have openly claimed responsibility for the current irreverence and changes in worship, just as much as the Roman Catholic Church in its own catechism has *openly claimed* that it is the Catholic Church, who changed the sanctity of the *Sabbath* (which Christ, the One and Only Perfect Example kept while He was on Earth) which the Jews still keep today to *Sunday* (in honor of the resurrection, which has absolutely no biblical basis, but is purely human tradition). And as Jesus Himself said: *. . .In vain do they worship Me because they keep the commandments of men. . .*

**For the 3rd, and last time, I say: The video MUST be seen for one to truly get its import!**

Above all, it is each person's responsibility to study God's Word in depth and ask the Holy Spirit to be one's *only Guide*, instead of relying on another human (imam, pastor, priest, or rabbi) to interpret God's instructions and God's will. Most importantly, Jesus Christ is our ONE and ONLY PERFECT EXAMPLE, let us follow Him alone. . NOT some human tradition or man-made requirement!

Enough said.
