

## **Mercury & Aluminum in Vaccines:**

### **A Terrible Misunderstanding:**

Sadly, many people that at least half-way believe in Health Reform have acquired the idea that Vaccination is somehow a 'NATURAL' methodology and therefore not a problem for those desiring True Health. NOTHING could be further from the TRUTH! Any person that even allowed themselves the privilege of thinking for themselves for a few minutes would see that this is very questionable to say the least.

If I were to take some excreta from a sick animal and dip my finger into it and walk over and smear it onto your infant's skin, you would be outraged—I would likely be arrested and incarcerated as dangerously insane!

And yet you take those helpless ones, happily into medical offices, and have foul matter, laced with toxic, heavy metals, actually injected into the very bloodstream of your child and think it is all OK, and the perpetrators of this crime are honored and respected! WHY???

BECAUSE we have bought into a lie of the devil that GERMS are the #1 cause of disease, and disease can be prevented by such methods. We even call this vile method "IMMUNIZATION" when it is nothing of the kind. Friends, there is provided in this library, a selection of true, historically accurate information, that can clue you in to the real facts (You will know more than your Doctor!) and may save your life or that of your child. I know the brainwashing is deep—it starts in kindergarten! It is reinforced every day on the TV and in the popular media—but it is a LIE and you need to know why.

It FEELS so good to trust in the popular saying "Oh, My Doctor knows all about it and I can trust him to know what is best for me." Friend, you doctor may be a sincere as anyone, but the SYSTEM has trained him to be a pusher for the Drug/Vaccine Cartel and you better learn what he has not been taught.

Pasteur's and Jenner's FALSE theory became so widely accepted because he opened a door to the enriching of the medical establishment and creating a billion-dollar industry out of the marketing of filth—BUT it was based on partial and total LIES. Only God knows the suffering and misery that these half-truths have wrought on this earth, in both animals and especially, humans!!

This article is only a tiny glimpse; it deals with only one factor—and there are thousands even worse than this—but here it is shown that there is NO JUSTIFICATION for believing that the Vaccine Hoax is an acceptable form of treatment in the eyes of God. Adventists that claim to be believers in the Spirit of Prophecy are NOT justified or excusable in using it.

Many subjects that people feel are not addressed in the Spirit of Prophecy writings, careful study will reveal the clues left there by an All-wise God for those who truly choose to obey and do His will. I do not believe there is ANY SUBJECT that the Spirit of Prophecy does not have the answer for—if we truly search for it with the Spirit's Guidance.

The very fact we are warned away from "Poisonous Drugs" should clue us in—friends, there is nothing more poisonous, more dangerous, and more contrary to Natural Hygiene in the whole medical money-making merchandise than vaccines!!! Study to show thyself informed!

SANITATION and HYGIENIC LIVING not VACCINATION is the way to prevent disease!

## Mercury Laced Flu Vaccines!!! Dr. James Howenstine, MD

Vaccines contain many toxic substances that are needed to prevent the vaccines from becoming infected or to improve the performance of the vaccine. Among these substances are mercury, formaldehyde and aluminum. [17] 17 Brain 9/01

In the past 10 years, the number of autistic children has risen from between 200 and 500 percent in every state in the U.S. This sharp rise in autism followed the introduction of measles, mumps and rubella vaccine in 1975.

Representative Dan Burton's healthy grandson was given injections for 9 diseases in one day. ***These injections were instantly followed by autism. These injections contain a preservative of mercury called thimerosal. The boy received 41 times the amount of mercury which is capable of harm to the body. Mercury is a neurotoxin that can injure the brain and nervous system. And tragically, it did.***

In the United States the number of compulsory vaccine injections has increased from 10 to 36 in the last 25 years. During this period, there has been a simultaneous increase in the number of children suffering learning disabilities and attention deficit disorder. Some of these childhood disabilities are related to intrauterine cerebral damage from maternal cocaine use, but probably vaccines cause many of the others.

Many vaccines contain aluminum. A new disease called macrophagic myofasciitis causes pain in muscles, bones and joints. ***All persons with this disease have received aluminum containing vaccines. Deposits of aluminum are able to remain as an irritant in tissues and disturb the immune and nervous system for a lifetime.***

Nearly all vaccines contain aluminum and mercury. These metals appear to play an important role in the etiology of Alzheimer's Disease. An expert at the 1997 International Vaccine Conference related that ***a person who takes 5 or more annual flu vaccine shots has increased the likelihood of developing Alzheimer's Disease by a factor of 10 over the person who has had 2 or fewer flu shots.***

When we take vaccines we are playing a modern version of Russian Roulette. We not only get exposed to aluminum, mercury, formaldehyde and foreign cell proteins but we may get simian virus 40 and other dangerous viruses which can cause cancer, leukemia and other severe health problems because the vaccine pool is contaminated due to careless animal isolation techniques. Congress has protected the manufacturers from lawsuits, ***so dangerous vaccines simply increase profits at no risk to the drug companies.***

### Words of the Spirit of Prophet:

"Preparations of mercury and calomel (Calomel is a preparation of Mercury like Thimerosal in our day) taken into the system ever retain their poisonous strength as long as there is a

**particle of it left in the system.** These poisonous preparations have destroyed their millions, and left sufferers upon the earth to linger out a miserable existence. All are better off without these dangerous mixtures. Miserable sufferers, with disease in almost every form, misshapen by suffering, with dreadful ulcers, and pains in the bones, loss of teeth, loss of memory, and impaired sight, are to be seen almost every where. They are victims of poisonous preparations, which have been, in many cases, administered to cure some slight indisposition, which after a day or two of fasting would have disappeared without medicine. But poisonous mixtures, administered by physicians, have proved their ruin." 4aSG 139.

## A Vision

The third case was again presented before me. It was that of the young man to whom was administered calomel. He was a great sufferer. His lips were dark and swollen. His gums were inflamed. His tongue was thick and swollen, and the saliva was running from his mouth in large quantities. The intelligent gentleman before mentioned looked sadly upon the sufferer, and said,-- 2SM 447.

"This is the influence of mercurial preparations. This young man had remaining, sufficient nervous energy, to commence a warfare upon this intruder, this drug-poison to attempt to expel it from the system. Many have not sufficient life-forces left to arouse to action, and nature is overpowered and ceases her efforts, and the victim dies." 2SM 447.

The third case was again presented before me, that of the young man to whom had been administered calomel. He was a pitiful sufferer. **His limbs were crippled**, and he was greatly deformed. He stated that his sufferings were beyond description, and life was to him a great burden. The gentleman whom I have repeatedly mentioned, looked upon the sufferer with sadness and pity, and said,-- 2SM 449.

"This is the effect of calomel. **It torments the system as long as there is a particle left in it. It ever lives, not losing its properties by its long stay in the living system.** It inflames the joints, and often sends rottenness into the bones. It frequently manifests itself in tumors, ulcers, and cancers, **years after it has been introduced into the system.**" 2SM 449.

NOTE: There is no evidence that vaccines EVER prevented ANY disease! But many epidemics, including the 1918 pandemic, were started by vaccines! History and Statistics put the lie to medical claims.

**"THERE IS NO SUCH THING AS A SAFE VACCINE"** Dr. Horowitz, vaccine researcher.

The effects of aluminum and mercury are cumulative and once in the body, they are impossible, under ordinary circumstances, for the body to get out, and they do continuing harm to the Central Nervous System forever.
